<b>PAPER 2: Macroeconomics and the Global Economy</b>									
You do not need any other materials.								Total Marks	

### Instructions

- Use **black** ink or ball-point pen.
- **Fill in the boxes** at the top of this page with your name, centre number and candidate number.
- Answer **all** questions.
- Answer the questions in the spaces provided – *there may be more space than you need.*
- Calculators may be used.
- You are advised to **show all your working out** with **your answer clearly identified** at the **end of your solution**.

### Information

- The total mark for this paper is 80.
- The marks for **each** question are shown in brackets – *use this as a guide as to how much time to spend on each question.*

### Advice

- Read each question carefully before you start to answer it.
- Try to answer every question.
- Check your answers if you have time at the end.
- Good luck with your examination.

In January 2019, the Indian Government approved new legislation that improved and simplified its policy on foreign direct investment (FDI). This helped to attract more multinational corporations (MNCs) to the country.

In 2019, India ranked among the top 10 economies benefitting from FDI. The overall growth of FDI in India was due to its many resources. These include a high degree of specialisation in services and a skilled, English-speaking, low-cost labour force. India also has a potential market of over one billion people.

FDI in India has been focused on chemicals, computer software and hardware, telecommunications, the automobile industry, construction, power and pharmaceuticals.

(Source adapted from: <https://www.nordeatrade.com/en/explore-new-market/india/investment>)

(c) With reference to the data above and your knowledge of economics, evaluate the benefits of FDI for a country such as India.
