Paper 2 Structured Questions

May/June 2021

1 hour 30 minutes

You must answer on the question paper.

No additional materials are needed.

INSTRUCTIONS

- Answer all questions.
- Use a black or dark blue pen.
- Write your name, centre number and candidate number in the boxes at the top of the page.
- Write your answer to each question in the space provided.
- Do not use an erasable pen or correction fluid.
- Do not write on any bar codes.
- You may use an HB pencil for any rough working.
- You may use a calculator.
- You should present all accounting statements in good style.
- International accounting terms and formats should be used as appropriate.
- You should show your workings.

INFORMATION

- The total mark for this paper is 90.
- The number of marks for each question or part question is shown in brackets [].

This document has **20** pages. Any blank pages are indicated.

1 Suyin owns a small retail business. She has not maintained full accounting records.

REQUIRED

(a)	State two reasons why the owner of a small business may decide not to maintain full accounting records.
	1
	2
	[2]
Add	ditional information
-	in has been informed that the accounting concepts of matching and prudence must be followed on preparing financial statements.
RE	QUIRED
(b)	Explain how these accounting concepts are applied when a business prepares financial statements.
	Matching
	Prudence
	[4]

Suyin has provided the following information.

1 On 1 August 2019 the business's assets and liabilities included:

	\$
Fittings and equipment at valuation	18500
Inventory	11 440

Suyin Income statement for the year ended 31 July 2020

\$	\$

Suyin has the opportunity to move her business to a busier location. The following information is available.

- 1 The rent of the new shop premises will be three times the current annual charge.
- 2 Annual sales could be increased by 10% on the figure for the year ended 31 July 2020.
- 3 She intends to achieve a gross margin of 60%.
- 4 She will need to apply for a bank loan of \$16000 at 8% per annum interest to cover the costs of changing location. The loan will be repayable over a two-year period.
- 5 Discounts received will no longer be available.
- 6 All other expenses will remain unchanged and there will be no sources of additional income.

REQUIRED

(e) Calculate how much profit per annum will be made if Suyin moves her business to the new location.

	\$
Revised gross profit	
Revised profit for the year	

[4]

(f)	Advise Suyin whether or not she should change her business's location. Justify your answer considering both financial and non-financial factors.
	[5]
	[Total: 30]

- **2** Karis and Lara are in partnership.
 - (a) State **two** reasons why partners may each have a separate capital account and current account.

1	 	 	 	 	
2	 	 	 	 	
					[2]

Karis and Lara share profits and losses in the ratio 3:2 respectively.

They decided to admit Megan as a partner on 1 February 2021.

On that date the statement of financial position was as follows.

Assets Non-current assets at net book value	\$	\$
Motor vehicles	43 500	
Furniture and equipment	16200	
Oursell and the		59 700
Current assets Trade receivables		18410
Total assets		78 110
Total assets		70110
Capital and liabilities		
Capital accounts		
Karis	35700	
Lara	24 500	
		60 200
Current accounts		
Karis	3 110	
Lara	(540)	0.570
Current liabilities		2570
Current liabilities	11 230	
Trade payables Bank overdraft	4 110	
Dalik Overdrait	4110	15340
Total capital and liabilities		78 110
Total dapital and habilities		

The partners agreed the following on Megan's admission.

- 1 Current accounts would no longer be used.
- 2 Karis took over a motor vehicle for private use with a net book value of \$18400 at an agreed value of \$15000.
- 3 Goodwill was valued at \$48 000. No goodwill account was to be maintained in the partnership's books of account.
- 4 Profits and losses are to be shared in the ratio Karis: Lara: Megan 7:5:3 respectively.
- 5 Megan introduced a motor vehicle valued at \$23 000 as part of her capital contribution.

After making the adjustments, it was agreed that Megan should pay sufficient cash into the business bank account to make her total capital equal to that of Lara.

REQUIRED

(b) Prepare, on the **next page**, the capital accounts of the partners to record the admission of Megan as a partner.

4 P Limited is a manufacturing business.

REQUIRED

(a)	Def	ine the following terms:	
	(i)	Direct costs	
			[1]
	(ii)	Stepped costs	
			[2
(b)	Sta	te the formula for finding the margin of safety in units.	
			[1]
(c)	Exp	plain the term 'limiting factor' when using marginal costing.	
			[2

P Limited manufactures a single product. The factory has the capacity to make 40 000 units per month. All production is sold.

The following budgeted information is available for December 2021.

Sales	30 000 units at \$48 per unit
Direct materials per unit	4.5 m at \$4 per metre
Direct labour per unit	3 hours at \$8.50 per labour hour
Fixed costs	\$112000

The company has a target profit of \$40 000 per month.

REQUIRED

(d)	Calculate the number of units to be sold for the company to achieve its target profit for December 2021.
	[3]

(e)	Prepare a budgeted marginal cost statement for December 2021.
	Budgeted marginal cost statement for December 2021

The directors have been told that demand for their product is likely to fall in future months. They are considering two proposals: Proposal A and Proposal B.

Proposal A

Produce a superior version of the product.

Sales	27 000 units per month at \$57 per unit.
Direct materials	The same quantity of material per unit as currently used, but the price per metre would increase by 7.5%.
Direct labour	The rate would increase to \$9.25 per hour and each unit would take 3.4 hours to make.
Additional fixed costs	Extra machinery costing \$75000 will be required. Machinery is depreciated at 20% per annum using the straight-line method.
	A loan would be required to finance the full cost of the machinery. Interest rates are currently 8% per annum.

(f)

Gui

REQUIRED

Calculate the monthly profit to be made from proposal A.
roı

Additional information

Proposal B

The directors are also considering a proposal to produce a simpler version of the product with a selling price of \$37 per unit. This proposal would require 76 000 labour hours per month. They estimate that 38 000 units per month could be sold.

This will produce a monthly profit of \$49500.

Gük

REQUIRED

)	Advise the directors which proposal they should choose. Justify your choice by considering both financial and non-financial factors.
